## ORDERING & SHIPPING INFORMATION

- A 50% deposit is required to confirm your order.
- Prices are subject to change.
- Deposits on tents are non-refundable.
- We will send a receipt with your approximate ship date & balance due when we receive your deposit. Unless otherwise requested, your order will be shipped COD for the balance plus freight charges.
- Orders weighing 150 pounds and under are normally shipped via Fed Ex Ground. Orders over 150 pounds are normally shipped via truck line.
- Trucking discounts (up to 59%) apply on orders sent 'freight collect' only, i.e., COD for delivery charges. When shipping truck freight 'prepaid' a \$50.00 surcharge is added.
- All orders are FOB destination.
- We are happy to provide freight estimates, but cannot guarantee freight costs.

## BASIC TENT: DESCRIPTION

- Sidewall height of 5' and 8' ridge, all tents are full dimension, as stated.
- Chafing strip 8" wide at ridge, with hidden vinyl reinforcing.
- Two-ply reinforcing with concealed vinyl at all corners.
- Storm door flaps, with 12" overlap.
- Tie-backs and door-ties of heavy weight cotton web—36" long.
- Eaves reinforced with 2" webbing. Spur grommets provided for guy ropes.
- Two-inch webbing around hem with butterfly stitched nylon web stake loops.
- Available in a variety of fabrics. Tuff-Star 15 oz. fabric now available.
- Ties to framework, with additional ties for add-on screen door.
- Comes complete with guy ropes, tighteners, stakes, heavy storage bag.

## DELUXE TENT: ADDITIONAL FEATURES

- Sod Cloth: 12" wide vinyl sewn into tent hem. Extends the walls onto the ground toward the inside of the tent. Seals out drafts and moisture.
- Triangular Window: 45" wide x 21" tall with sewn-in mosquito netting and interior zippered (#10 YKK) flap, located in back wall.
- Stovepipe Outlet: silicon impregnated fiberglass outlet with FR canvas flap and rain cricket. 6" oval roof mount: standard. Wall mount and other sizes on request.

## FABRIC CHOICES

Marine army duck: our standard fabric—100% cotton duck, preshrunk, marine treated. A tightly woven, double-filled canvas. Sunforger™ treatment applied 2x for durable water, mildew & UV resistance. Natural color as follows:

- 10 oz. Marine Army Duck (all weights given by the square yard).
- 13 oz. Marine Army Duck—2x as tear resistant, 1/3 more water repellent.
- 13 oz. Marine Army Duck FR—with additional flame retardant finish.

**NEW:** Tuff-Star: our 5 yr warranty fabric—cotton/poly army duck, preshrunk, acrylic coated—to resist water, soil, mildew, & UV. Same weave as above. Ideal for prolonged exposure to the elements. In white, colors available on request.

- 15 oz. Tuff-Star Army Duck, Flame Retardant (FR).

*NOTE:* All flame retardant (FR) fabrics meet industry test standard CPAI-84. State laws require shipment of only flame retardant treated fabric shelters into CA, LA, MA, MI, MN, NJ, and NY. We ship only FR tents to these states.

## TENT FLY

- The standard fly covers the tent roof with a 6"-12" overhang on all 4 sides.
- The extended fly projects 8' in front of tent, creating a large sheltered area.
- Available in 10 oz. Marine Army Duck and 10 oz. Marine Army Duck FR.
- Also available in 13 oz. Vinyl FR for maximum waterproofing.

*NOTE:* Order a stovepipe outlet for the fly, when using a roof mount tent outlet.

## TENT FRAME

Choose from two frame types.

- Complete wood pole set includes octagonal side poles, and machine stress rated upright and ridge poles. Ridge poles available in breakdown sections.
- Interior free-standing steel frame. Nine, 12 or 15 piece coupler sets with steel tubing.

## TENT COMPONENTS

Add-on components are available to make any tent completely custom.

- Sewn-in vinyl floor.
- Tarp floor.
- Mosquito net front entrance, attaches to provided ties in tent.
- Back door with 12" storm flap.
- Zippered entries with #10 YKK zipper inset behind storm flap.
- Large sidewall window with 30" x 30" screen and zippered flap.
- Triangular back wall window (see details under Deluxe Tent).
- Vinyl sod cloth (see details under Deluxe Tent).
- 6" stovepipe outlet (see details under Deluxe Tent).
- Additional ropes, tighteners and stakes. Can be used to turn any tarp into a lean-to or fly.
